Unit-III

- 3 Write a precis of the following passage and suggest a suitable title: 10

Wildlife is a valuable assets a renewable natural resource particularly in developing countries and can contribute to the economy through tourism.

Tourism has become the leading industry and an important source of overseas currency all over the world people go

(3)

to see and photograph wildlife. If the animals vanished, many of the tourism would stay away. Wildlife is intelligently managed and husbanded can also be a valuable source of much needed protein. When there is an unavoidable collision between the survival of man and the survival of wildlife, human interest is likely to prevail. But such collisions are rare and in most cases a little thought, ingenuity and good will permits coexistence of man and wildlife. We must first learn to recognize that these dangers exist and we ourselves shall be the losses if we do nothing about it. We must make sure that everyone everywhere, understand the threat; accepts the responsibility and realized that it is in the interest of human progress to avert.

Unit-IV

- 4 Read the following passage carefully and answer the questions given below:

Forests are called the "green gold of a country because they are a country's wealth. There are numerous advantages

(4)

of having green forests. They give us rain, prevent floods and give us a number of valuable products. We get timber for building our houses, wood for furniture and fuel for cooking food. Besides these, many other useful products are got from them. They are honey, wax, gum oil herbs, lac and dyes. Think of the paper mills, can they produce paper without getting wood from the forests. The industry of artificial silk depends on forests. Forests add to the beauty of country and provide shelter to wild animals.
